EDUCATION

Yale University

Statistics & Data Science (B.S.), Computing, Culture, & Society (Certificate)

New Haven, CT

May 2027

Honors and Awards: Roswell Park Cancer Institute NIH Research Fellow (2022); International Student Science Fair, 2x 1st Place Winner (2022); Japan Sakura Science Exchange Finalist (2023); Yale-Project Destined Fellow (2026); American Statistical Association Datathon, 1st Place in Best Business Value (2026); Deloitte University Business Breakout Finalist (2026)

WORK EXPERIENCE

Deloitte

AI & Data Summer Analyst

D.C. Washington

June 2026 - Present

- Designed a 0-to-1 scalable digital platform to accelerate tenant onboarding for cloud resources for a federal agency client; integrated Foundry, ServiceNow, and data APIs to automate the onboarding process and reduce manual overhead
- Developed change management and client-facing programming materials for a multi-platform cost-allocation initiative; synthesized feedback from weekly forums and stakeholder interviews to develop materials for 1M+ tenants to onboard independently
- Collaborated with team and executives to draft a performance work statement and bid on a request for proposal

Yale School of Management

Student Researcher

New Haven, CT

October 2025 - Present

- Conducted economic and regulatory research with Dr. Fiona Scott Morton, focusing on the harmful anti-competitive effect of Hart-Scott-Rodino (HSR)-exempt mergers in consumer-critical industries
- Led product development with 6 researchers for a web application that standardizes merger transaction review across different states
- Collaborated with legal stakeholders to draft a model state statute establishing a premerger notification and review mechanism for acquisitions under the HSR threshold; presented findings at the New York State Attorney General's (AG) Office for 10+ state AGs

Kode with Klossy

Strategy & Operations Intern

Remote

January 2026 - May 2026

- Designed an end-to-end operations workflow for meal logistics using agentic AI to increase efficiency by 50%, supporting 100+ participants across 4 camps; reviewed 50+ feedback forms and developed documentation to facilitate future knowledge transfer
- Recommended AI tool adoption into outreach workstream by conducting stakeholder interviews and weighing cost-benefit trade-offs
- Audited 300+ AI-flagged applications to preserve holistic evaluation, safeguarding decision integrity in an AI-augmented process

MAI Capital Management

Summer Intern

Remote

June 2025 - November 2025

- Led AI and technology strategy project for a wealth management firm to enhance operational efficiency and client communication
- Evaluated wealth management platforms through demos, interviewed firm members, and presented findings to executive management, identifying a 78% cost reduction opportunity and integrating client relationship management capabilities

Dot Movement Digital

Summer Consultant

Remote

May 2024 - August 2024

- Conducted grant research across health, environment, and voter mobilization sectors and contributed to proposal writing
- Organized a 500+ donor Client Relationship Management database with the client's Executive Director to optimize fundraising efforts
- Engaged with federal, state, and local leaders and educators to redesign and launch an inclusive K-12 AAPI curriculum

LEADERSHIP EXPERIENCE

Yale Computer Society (Y/CS), Events Director; Advisor

2023 - Present

- Co-founded flagship high school computer science bootcamp, recruiting from 600+ schools across 20 countries
- Launched 2 website applications, achieving 600+ users within the first week through targeted campus campaigns

Chinese American Student Association (CASA), Political Chair; Vice President

2023 - 2026

- Managed an internal executive board of 25 members and ensured 6 committees were well-resourced and met deadlines
- Led initiatives with 9 organizations across New Haven and published a newsletter to 1200+ members (70%+ open rate) to drive interest
- Managed a \$20K annual budget through diverse revenue streams, including sponsorships, grants, fundraising, and ticket sales (\$6k).
